INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations will be enumerated on the general population schedule (Form S-1060) as members of the families in which they are found. No Indian or negro living in Indian families should be enumerated on this special Indian schedule, as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be enumerated entirely on this special schedule, and every family composed mainly of persons not Indian should be enumerated entirely on the general population schedule.

Spaces are provided for entries for 20 persons on each side (A and B) of the sheet, the entries for each person running twice to the page. Columns 1 to 46 are to be used for each individual case, if applicable, according to the instructions.

Columns 1 to 32.—These columns are identical with those on the general population schedule. Fill each column so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns on the general population schedule (see book of instructions), but note the following additional instructions in relation to filling columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given territory, you are using both the general population schedule (Form S-1060) and this schedule for Indians, you will number consecutively the dwellings and families for these two units, one series in each kind of schedule, so that the last number on Form S-1060 will be equal to the last number in column 1 on the general population schedule, which will give the whole number of dwellings visited and, likewise, the last number in column 2 on the Indian schedule will be the last number entered in the general population schedule, which will give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, as they frequently reckon their ages from notable events occurring in the history of the respective tribes. Endeavor to ascertain the years in which these notable events occurred, and with a little calculation it will usually be possible to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his occupation in columns 18 and 19, in accordance with the general instructions for returning occupations. If the Indian, while holding a client, has no occupation, and is wholly dependent on the Government for support, write "Ward" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, enter his occupation in columns 18 and 19, and then the letter "R" (for ration).

INSTRUCTIONS CONTINUED ON "B" SIDE OF SHEET.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule, Form S 1570, as members of the family in which they are found. Indians or negroes living in Indian families should be enumerated on this special Indian schedule as members of such families in which they are found. In other words, every family or group of Indians should be enumerated entirely on this special schedule, and every family composed mainly of persons not Indians should be reported entirely on the general population schedule.

Spaces are provided for entries for 20 persons on each side of the sheet, the names for each person running across the page. Columns 1 to 46 are to be used for each individual case, if applicable according to the instructions.

Columns 1 to 32. These columns are identical with those on the general population schedule. Fill out these so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see back of instructions), but note the following additional instructions in relation to certain columns: 1 and 2, column 7, and columns 18 and 20.

Columns 1 and 2. Visitation numbers. If, in canvassing a given territory, you are using both the general population schedule (Form S 1570) and this schedule for Indian population, those two schedules constitute, for these purposes, one series in each kind of schedule, so that the last number in column 1 of the general schedule will be followed in column 1 on the Indian schedule by the next number, and so on. If you are using only this schedule, begin column 1 on the general population schedule with "1" and number consecutively, and, likewise, the last number in column 2 on this schedule is to be followed in column 2 on the general population schedule by the next number, and so on. If you are using only this schedule, begin column 2 with "1" and number consecutively. The last number in column 2 on this schedule will give the whole number of families enumerated in your entire district.

Column 7. Age at last birthday. Special inquiry may be made in ascertaining the exact ages of Indians of mature years, who, in many instances, can not give their ages from notable events occurring on the dates of the respective years. Whenever necessary, the years in which these notable events occurred and with a little calculation or by the aid of others in the vicinity, also by inquiry, the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation in columns 18 and 19, in accordance with the general instructions for entering occupations. If the person (man, woman, or child) has no occupation and is wholly dependent on the Government for support, write "Ward of Government" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" (for ration).

SPECIAL INQUIRIES RELATING TO INDIANS.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 8-1910) as members of the families in whose homes they are found. The Indians or negroes living in Indian families should be enumerated on this special Indian schedule as members of the Indian family in which they are found. In other words, every family composed mainly of Indians should be reported for collection on this special schedule and every family composed mainly of persons not Indians should be reported for collection on the general population schedule.

Spaces are provided for entries for 40 persons on each side (A and B) of the sheet; the entries for each person extending across the page. Columns 1 to 45 are to be filled for each individual case of apparently accurate, in the instructions.

Columns 1 to 32. These columns are identical with those in the general population schedule. For each of these, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule (see pages [illegible] of instructions), but note the following additional instructions in relation to columns 1 and 2, column 7, and columns 18 and 19:

Columns 1 and 2. Visitation numbers. If in canvassing a given territory you are using both the general population schedule (Form 8-1910) and this schedule for Indian population, number the families in each schedule for these two classes of schedules in order, so that the last number used on the Indian schedule will be the last number of consecutive on the general population schedule used. Thus, if the last number used on the general population schedule was 250, the first number in column 2 on the Indian schedule should be 251, and so on. The last number in column 2 on the Indian schedule should be the last number used on the general population schedule, plus the number of Indian families enumerated on the Indian schedule.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, who frequently reckon their ages from notable events occurring in the history of the community. Endeavor to ascertain the years in which these notable events occurred, and with a little examination in most cases will be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting enter his or her occupation in columns 18 and 19 in accordance with the general instructions for obtaining occupations. If the Indian has no occupation and is wholly dependent on the Government for support, write "Indian ward" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" (for ration).

They should be filled so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see back of instructions), but note the following additions: instructions in regard to filling columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given territory, you are using both the general population schedule (Form S 1580) and this schedule for Indian population, make the visitation numbers in columns 1 and 2 for these columns one series in each kind of schedule, so that the last number in column 1 on the last sheet used in connection with the general population schedule will give the whole number of families visited and enumerated, and likewise, the last number in column 2 on the schedule used in the enumeration of the general population schedule will give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, as they frequently reckon their ages from historic events occurring in the history of the respective tribes. However, in ascertaining the years in which these historic events occurred and with a little examination it will usually be found possible to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation in columns 18 and 19 in accordance with the general instructions for obtaining occupations. If the Indian man, woman, or child has no occupation and is wholly dependent on the Government for support, write "Indian ward" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" (for ration).

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families or in villages should be enumerated on the general population schedule (Form 8 1910) as members of the families in whose families they are found. No Indian, white or negro living in Indian families should be enumerated on this special Indian schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported entirely on this special schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

Spaces are provided for entries for 20 persons on each side (A and B) of the sheet, the entries for each person occupying two lines of the page. Columns 1 to 46 are to be used for each individual case, if applicable, according to the instructions.

Columns 1 to 32. These columns are identical with those on the general population schedule. [illegible] so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns for the general population schedule (see book of instructions), but note the following additional instructions in relation to [illegible] columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given locality, you are using both the general population schedule (Form 8 1910) and the schedule for Indian population, make the visitation number (column 1) of the first dwelling visited in each kind of schedule as 1 [illegible] and the last number in column 2 on the schedule used for the last dwelling visited in that locality. For example, if you visited 3 dwellings in a certain locality before you began to use the general population schedule, and then visited 4 dwellings, the first number in column 2 on the general population schedule will be 4 and the last number 7. Likewise, the last number in column 2 on the schedule used for the last dwelling visited in that locality before you began to use the general population schedule will be the whole number of families visited and enumerated in that locality.

Column 7. Age at last birthday. Some Indians may be found to ascertain the exact age of [illegible] as they frequently reckon their ages from notable events occurring in the history of the respective tribes. By means to ascertain the years in which these notable events occurred, and with a little calculation on your part you should be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting enter his or her occupation in columns 18 and 19 in accordance with the general instructions for returning occupations. If the Indian [illegible] child, has no occupation, and is wholly dependent on the Government for support write "Indian, living on reservation" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" (for ration).

SPECIAL INQUIRIES RELATING TO INDIANS.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in families outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated in the general population schedule (Form S. 1500) as members of the families in which they are living, but information of value regarding Indians living in Indian families should be enumerated on this special Indian schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported, entirely, on this special schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

Spaces are provided for entries for 20 persons on each side, A and B, of the sheet, the entries for each person running twice to the page. Columns 1 to 46 are to be filled for each individual case, if applicable, according to the instructions.

Columns 1 to 32. These columns are identical with the same on the general population schedule. For each person, as far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see heads of columns), but note the following additional instructions relating to columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given territory, you are using both the general population schedule (Form S. 1500) and this schedule for Indian population, number the dwellings and families for these columns, one series in each kind of schedule, so that the last number in column 1 on the last sheet for the general population schedule will give the whole number of dwellings visited, and likewise, the last number in column 2 on the last sheet for the Indian schedule will give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday. Some Indians may be met in ascertaining the exact ages of children so they frequently reckon their ages from a tribal event occurring in the history of the reservation. Encourage, if necessary, the voung in which these tribal events occurred, and with a little examination on your part you should be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is a child who is self-supporting, enter his or her occupation in columns 18 and 19 in accordance with the general instructions for entering occupations. If the Indian is a child who has no occupation and is wholly dependent on the Government for support, write "Dependent" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" (for ration).

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated by the general population schedule, Form S-1850, as members of the families in which they are found. No Indians living or ranging on Indian farms should be enumerated on the special Indian schedule, as Indians of this class are enumerated on the general population schedule with the families in which they are found. In other words, every family composed mainly of persons not Indians should be reported, entirely, on the general population schedule.

Spaces are provided for entries for a permanent census record and for the street, the number (in cases of tenement houses), and the page. Columns 1 to 46 are to be filled for each individual case, if applicable, according to the instructions.

Columns 1 to 32. These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry appears, in accordance with the instructions for filling the corresponding columns on the general population schedule. See book of instructions, and note the following additional instructions in relation to filling columns 1 and 2, columns 7 and 8, columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given locality, you are using both the general population schedule (Form S-1850) and this schedule for Indian population, number the inhabited houses and families for these columns one series in each kind of schedule, so that the last number in column 1 on the general population schedule will be equal to the last number in column 1 on the Indian schedule; and the last number in column 2 on the general population schedule will give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday. Some Indians may be found uncertain of the exact age. If so, ascertain, if practicable, their ages from notable events occurring in the history of the respective tribes. Frequently ascertain the years in which these notable events occurred, and with a little examination on your part you may be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation in column 18 and 19 in accordance with the general instructions for entering occupations. If the Indian man, woman, or child has no occupation and is wholly dependent on the Government for support, write "None" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write "Indian" in columns 18 and 19, and then the letter "D" after it.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in taking the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families or in groups of reservation Indians should be enumerated on the general population schedule. Form 8-1566 as members of the families in which they are found. Any detached whites or negroes living in Indian families should be enumerated on this special Indian schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported entirely on this special schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

Spaces are provided for entries for 20 persons on each side A and B of the sheet, the entries for each person filling two to the page. Columns 1 to 46 are to be filled for each individual case, if applicable, according to the instructions.

Columns 1 to 32. These columns are identical with those in the general population schedule. For each inquiry, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, see head of instructions, but note the following additional instructions relating to Columns 1 and 2, columns 17 and 18, columns 19 and 20.

Columns 1 and 2. Visitation numbers. If in enumerating a given territory you are using both the general population schedule Form 8-1565 and this schedule for Indian populations, number the dwellings and families in these schedules in one series in such a way as to show the exact relative position of each dwelling visited in the enumeration. Thus, if the general population schedule will show that the first dwelling visited contained a family of two persons, and the second dwelling contained a family of five persons, and so on, then the Indian schedule should be numbered in such a way that the first Indian family enumerated on this schedule will be known to be the second family visited in the enumeration, the second Indian family enumerated will be known to be the fifth family visited in the enumeration, and so on. In this way the last number in column 2 on the Indian schedule will show the whole number of families visited and enumerated on both schedules, and the last number in column 2 on the general population schedule will show the whole number of families visited and enumerated in that entire district.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, unless frequently tracked from dates of notable events occurring in the history of the respective tribes. Endeavor to ascertain the years in which these notable events occurred, and with such information at hand it will be possible to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter trade or occupation of person in column 18 and 19 in accordance with the general instructions for entering occupations. If the Indian receives or child has no occupation and is wholly dependent on the Government for support, write "Indian" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "D" after same.

SPECIAL INQUIRIES RELATING TO INDIANS.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians, both those in reservations and those living in families or groups outside of reservations.

Instructions. Indians living either in whole or in part families or groups of reservations should be enumerated on the general population schedule. Form S 1000 as members of the family or group with which they are found, but persons who are Indians or part Indians should be enumerated on this special schedule as members of the Indian family or group with which they are found. In other words every family composed in part of Indians should be reported entirely on this special schedule, and every family composed entirely of persons not Indian should be reported entirely on the general population schedule.

Spaces are provided for entries for 50 persons on each side (A and B) of the sheet, the entries for each person running across the page. Columns 1 to 48 are to be filled for each individual, as appropriate according to the instructions.

Columns 1 to 32. These columns are identical with those on the general population schedule. Fill each column so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule, with the following exceptions, but note also the following additional instructions relating to certain columns: 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in enumerating a given territory, you are using with the general population schedule Form S 1000 the visitation numbers for locating dwellings, families, and persons, you will use for these the same numbers in each kind of schedule, so that the last number in column 1 on the Indian schedule for each dwelling will be the same as the last number in column 1 on the general population schedule for the same dwelling, and the last number in column 2 on the Indian schedule for each family or group will be the same as the last number in column 2 on the general population schedule for the same family or group. If you are using with the general population schedule Form S 1000 the visitation numbers for dwellings, but not for families, you will use for the Indian schedule the same numbers in column 1 as on the general population schedule, but will number the Indian families or groups in each dwelling in column 2 consecutively, beginning with 1.

Column 7. Age at last birthday. Some Indians may be unable correctly to state the exact ages of persons, as they frequently keep no record of the ages of the members of their families. Endeavor to ascertain the years in which these persons were born, as well as the exact ages, in all cases where it is possible to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation in column 18 in accordance with the general instructions for entering occupations. If the Indian is wholly or chiefly dependent upon the Government, write the word "Government" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" after it.

SPECIAL INQUIRIES RELATING TO INDIANS.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in families or groups outside of reservations.

Determine Indians living either in White or negro families or in reservation camps or villages and be sure that they are enumerated on the general population schedule. Section 3 of the act of March 3, 1909, as construed by the Secretary of the Interior, requires that Indians living in Indian families should be enumerated on a supplemental Indian schedule as members of the Indian families in which they are found. In other words, every Indian family composed entirely of Indians should be enumerated on a supplemental Indian schedule, and every Indian family composed partly of Indians and partly of persons not Indians should be enumerated on the general population schedule.

Spaces are provided for entries for 30 persons on each side A and B of the sheet the number for each person corresponding to a line on the page. Columns 1 to 41 are to be used for each individual Indian, the information according to the instructions.

Columns 1 to 32. These columns are identical with those on the general population schedule. [illegible] so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see back of instructions), but it will be necessary to supplement the information called for in columns 1 and 2, columns 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in an Alaska or a Pacific territory, you are using both the general population schedule, Form 5, 1910, and the schedule for Indians, Form 5 Indian, 1910, you will number the consecutive dwellings for these two schedules, one series in each kind of schedule, so that the last dwelling enumerated on the Indian schedule will be 1 more than the last dwelling enumerated on the general population schedule. In column 1 on the general population schedule you will give the whole number of dwellings counted, and likewise the last number in column 2 on the schedule for Indians. In column 2 on the general population schedule you will give the whole number of families enumerated, and likewise the last number in column 2 on the schedule for Indians. In column 1 on the schedule for Indians you will give the whole number of families enumerated on that schedule.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of persons, as they frequently reckon their ages from Indian events occurring in the history of the respective tribes. However, in ascertaining the years in which these events occurred, and with a little conversation, it will usually be possible to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation as indicated in accordance with the general instructions for [illegible] occupations. If the Indian [illegible] is wholly dependent on the Government for support, write [illegible] in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" (for ration).

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Instructions: Indians living either in whole or in part families outside of reservations should be enumerated in the general population schedule (Form 5–1910) on the supervisor's district and enumeration district in which the family is found. Each Indian family should be enumerated on a separate sheet of the general schedule, and the number of the family should be entered in column 2 of that schedule. In every case, every family composed entirely of Indians should be enumerated on this special schedule, and every family composed entirely of persons not Indians should be reported entirely on the general population schedule.

Spaces are provided for entries for 30 persons on each side, A and B, of the sheet; the entries for each person extending across the page. One line is to be used for each individual case, if applicable, otherwise the next line below.

Columns 1 to 32. These columns are the same, with the exceptions noted, as columns 1 to 32 of the general population schedule. Except where it clearly appears otherwise, answers to the questions for Indians should be entered in accordance with the instructions for filling the corresponding columns of the general population schedule (see back of instruction book, last page, the following paragraphs: Instructions to enumerators as to filling columns 1 and 2, columns 3, and following paragraphs to page 14).

Columns 1 and 2. Visitation numbers. If, in canvassing a given territory, you are using both the general population schedule, Form 5–1910, and this schedule for Indian population, make the visitation numbers for these two forms, the series in each kind of schedule, so that the last number in column 1 in the schedule which is the last one used in the general population schedule will give the whole number of dwellings visited and canvassed. The last number in column 2 in each schedule, similarly, will give the whole number of families enumerated in the general population schedule, and the last number in column 2 in this schedule will give the whole number of families enumerated in your entire district.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, especially those of the older generation. Where such difficulty exists, attempt to fix the date of the respective births by associating the years in which these persons were born with some event of general importance which occurred about the time of their birth, and with a little care and patience you should be able to ascertain the correct ages of most Indians.

Columns 18 and 19. Occupation. If the Indian is wholly or partly supporting himself, enter his occupation in columns 18 and 19 in accordance with the general instructions for ordering occupations. If the Indian has nothing to do, but is otherwise supported and is wholly independent of the Government for support write "Having Indian" in column 18. If your Indian is partly supporting himself, partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "D" after ratio.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both on reservations and those living on farms or in communities of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedules. Form 5 designates members of the family in which they are found. Indians or negroes living in Indian families should be enumerated on this special Indian schedule. Form 5 designates members of the Indian family in which they are found. In other words, every family composed mainly of persons not Indians should be enumerated on the general population schedules.

Spaces are provided for entries for 20 persons on each sheet, A and B of the sheet. Be careful to avoid getting [illegible] on the page. Columns 1 to 40 are to be filled for each individual, save [illegible] as explained in the instructions.

Columns 1 to 32. These columns are identical with those in the general population schedule. The instructions so far as the inquiry applies, in accordance with the instructions for filling the general population schedule, are to be followed in enumerating Indians, but note the following additional instructions relating to Indians, [illegible] and referring to [illegible].

Columns 1 and 2. Visitation numbers. If the enumerator, in a given township, city, or other district, finds any Indians living in white or negro families, he should enumerate them on the general population schedule, and should enter in columns 1 and 2 of the Indian schedule the number of the page and the number of the line on the general population schedule on which the Indian is enumerated. In the general population schedule will be given the number of the page and the number of the last person enumerated on the page. If the enumeration proceeds in the usual manner, a person on the general population schedule will give the whole number of families visited and enumerated in that township.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians as they frequently reckon their ages from notable events occurring in the history of the tribe. It is necessary to ascertain the years in which these notable events occurred, and with a little reasoning in every case it is also to ascertain the exact ages of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter upon the [illegible] columns 18 and 19 in accordance with the general instructions for entering occupations. If the Indian owns livestock [illegible] is engaged in other occupations, the Government [illegible] Indian Service. Columns 18. If the Indian is partly self-supporting and partly dependent upon the Government, enter the occupation in columns 18 and 19, and then the letter "R" after [illegible].

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in whole or in part families on reservations should be enumerated on the general population schedule (Form S 1764) as members of the families among which they are living. Indian families should be enumerated on the special Indian schedule (Form S 1765) in the districts in which they are found. In other words, every family composed mainly of Indians should be enumerated entirely on this special schedule, and every family composed mainly of persons not Indians should be reported entirely on the general population schedule.

Spaces are provided for entries for 20 persons on each side, A and B, of the sheet, the entries for each person running across the page. Columns 1 to 40 are to be used for each individual case, if separate according to the instructions.

Columns 1 to 32. These columns are explained with them on the general population schedule. [illegible] as far as the reports appear to me correct with the instructions for filling the corresponding columns of the general population schedule, but note the following additional instructions or explanations [illegible] columns 1 and 2, columns 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If the enumerator has a district boundary, you are using both the general population schedule (Form S 1764) and the schedule for Indians (Form S 1765), there the enumerator should arrange for these schedules an order in each kind of schedules so that the first number in column 1 of the Indian schedule is to the last one but one in column 1 of the general population schedule, and give the whole number of families visited and enumerated in your entire district. [illegible] the last number on the Indian schedule is the last number on the general population schedule with give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, as they frequently pay no attention to their ages from month to month, keeping in the history of the principal tribes. However, to ascertain the years in which these notable events occurred, and with a little calculation or by the part you should be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation in column 18 and [illegible] in accordance with the general instructions for entering occupations. If any Indian over 16 years of age [illegible] is incapacitated and is wholly dependent on the Government for support, write "Indian Indian" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "R" (for ration).

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families on or adjoining reservations should be enumerated on the general population schedule (Form 5-1870) as members of the families in which they are found; but detached families of negroes living in Indian families should be enumerated on this special schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be enumerated entirely on this special schedule, and every family composed mainly of persons not Indians should be enumerated entirely on the general population schedule.

Spaces are provided for entries for 30 persons on each side (A and B) of the sheet, the entries for each person covering two lines of the page. Columns 1 to 32 are to be used for each individual (see 7 and 8, page 2, of the instructions).

Columns 1 to 32. These columns are identical with those on the general population schedule. Fill out these columns so far as the inquiry applies in accordance with the instructions for filling the corresponding columns of the general population schedule (see pages 7 and 8 of the instructions). But in the following additional instructions reference is made to filling columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If in enumerating a given territory you are using both the general population schedule (Form 5-1870) and this special schedule for Indian population, number the dwellings and families for these two kinds of schedules on one and the same system, so that the last number used on the general schedule will be next to the last number on column 2 of the special schedule, and so that the last number used on the special schedule will be next to the last number on column 1 of the general schedule. Suppose, for example, that you find 100 dwellings containing Indians, and that the last number on column 2 of the special schedule is 100. Suppose, further, that the last number on column 1 of the general schedule is 1,000. Suppose, further, that you find 50 dwellings containing Indians, and that the last number on column 2 of the special schedule is 150. Suppose, further, that the last number on column 1 of the general schedule is 1,050. Suppose, further, that you find 50 dwellings containing Indians, and that the last number on column 2 of the special schedule is 150. Suppose, further, that the last number on column 1 of the general schedule is 1,050. Suppose, further, that you find 50 dwellings containing Indians, and that the last number on column 2 of the special schedule is 150. Suppose, further, that the last number on column 1 of the general schedule is 1,050.

Column 7. Age at last birthday. Some Indians may be found ascertaining the exact ages of Indians so frequently recited their ages from notable events occurring in the history of the respective tribes. Bearing in mind the years in which these notable events occurred, and with a little calculation, it will be found possible to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation or occupations in columns 18 and 19 in accordance with the general instructions for returning occupations. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation or occupations in columns 18 and 19, and then the letter "P" (for partial).

DEPARTMENT OF COMMERCE AND LABOR BUREAU OF THE CENSUS

THIRTEENTH CENSUS OF THE UNITED STATES: 1910 INDIAN POPULATION

SPECIAL INQUIRIES RELATING TO INDIANS.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in taking the enumeration of Indians both reservation and those living in family groups outside of reservations.

Definite information is required in relation to degree of mixture of white blood in persons classed as mixed blood in the general population schedule. Form 5-100 is a duplicate of the first seven columns of the general population schedule, and is to be filled out for each person enrolled on the census rolls of the reservation for which they are issued. In other words, every family constituting a unit of the reservation census is to be enumerated on this special schedule, and every family composed entirely of persons not enrolled should be enumerated on the general population schedule.

Spaces are provided for entries for 2 persons on each side. A and B of the last occupying the space below the ruling made to the page. Columns 1 to 40 are to be filled for each individual, and if applicable according to the instructions.

Columns 1 to 32.—These columns are identical with those on the general population schedule. Fill each column so far as the inquiry appears to be in accordance with the instructions for filling the corresponding column in the general population schedule (see book of instructions), but note the following additional instructions relating to certain columns: 1 and 2, number 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a group of houses, you are using more than one general population schedule, number each dwelling and family in the order of visitation, beginning with 1 for the first dwelling visited, 2 for the second, and so on. If you are using but one schedule, as may be the case in a small village, you will begin with 1 for the first dwelling visited in that village and number in order to the last one visited in that village. On the general population schedule you will give the village number, if any, and the number of the last dwelling visited in that village. Likewise, the last number in column 2 on this schedule will give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday. Some Indians may be out of touch with the exact ages of members of their families. Inquire their ages from some reliable source, preferably from the records of the reservation agent. Remember that the ages to be given are those at last birthday, and not those at nearest birthday. Be sure also to enter a "0" in all cases where the person is under 1 year of age.

Columns 18 and 19. Occupation. If the husband is absent and supporting wife, fill in the occupation of husband and not of wife, in accordance with the general instructions for obtaining occupations. If the husband is dead, leave occupation blank and write "dead" after the name. If the husband is living but not supporting the family, enter "none" in column 18. If the husband is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "D" after column 19.

INSTRUCTIONS FOR FILLING THIS SCHEDULE

CONTINUED FROM "A" SIDE OF SHEET

The following instructions apply to the special inquiries relating to Indians:

Columns 34, 34, and 35. Tribal relations.—If the Indian was born in the United States and is living with his tribe, or if he is temporarily absent from the tribe, as in attendance at school, or if possessing no property but his share of tribal property, and receiving no support except his share of the tribal property, he is considered as living with his tribe. In any event, take particular pains to secure the name of the tribe, whether the Indian is enrolled and receives his share of tribal property, and from the Indian's statements as to his parents.

Columns 36, 37, and 38. Proportions of Indian and other blood.—If the Indian is a full-blood, write "Full" in column 37, and leave columns 36 and 38 blank. If the Indian is of mixed blood, write in column 36 the fraction which shows the proportion of Indian and white blood, as follows: If one-half white and one-half Indian, write "1/2"; if one-quarter white and three-quarters Indian, write "1/4"; if three-quarters white and one-quarter Indian, write "3/4"; if one-eighth white and seven-eighths Indian, write "1/8"; if one-sixteenth white and fifteen-sixteenths Indian, write "1/16"; if one-thirty-second white and thirty-one-thirty-seconds Indian, write "1/32"; if one-sixty-fourth white and sixty-three-sixty-fourths Indian, write "1/64"; if one-one-hundred-and-twenty-eighth white and one-hundred-and-twenty-seven-one-hundred-and-twenty-eighths Indian, write "1/128"; if one-two-hundred-and-fifty-sixth white and two-hundred-and-fifty-five-two-hundred-and-fifty-sixths Indian, write "1/256"; if one-five-hundred-and-twelfth white and five-hundred-and-eleven-five-hundred-and-twelfths Indian, write "1/512"; if one-one-thousand-and-twenty-fourth white and one-thousand-and-twenty-three-one-thousand-and-twenty-fourths Indian, write "1/1024".

Whenever possible, the supervisor will see that all persons of full blood appear in Part I of the schedule, and all persons of mixed blood in Part II, but the omission of any person from the proper part will not be considered a reason for returning the schedule for correction.

Column 39. Number of times married.—If the Indian is married, write in this column the number of times he or she has been married.

Column 40. Whether now living in polygamy.—If the Indian man is living with more than one wife, write "Yes" in this column; otherwise write "No."

Column 41. If living in polygamy, whether the wives are sisters.—If the Indian man is living with more than one wife, and if his wives are sisters, write "Yes" in this column. If the wives are not sisters, write "No."

Column 42. Graduated from what educational institution.—If the Indian has graduated from any educational institution, give the name and location of such institution.

Column 43. Is this Indian taxed?—An Indian is to be considered "taxed" if he owns property from the taxation of which he derives a money income, or if he is engaged in business from which he obtains a money income, or if he owns property which is assessed for taxation, or if he is married to a white person and thereby has acquired citizenship. In either of these two cases write "Yes" in this column.

An Indian on a reservation, without any property or business from which he derives a money income, is "not taxed," and for such Indians the answer to this question is "No."

Column 44. If Indian has received allotment, give year of allotment.—If the Indian has received a patent for a tract of land under an act of Congress, write in this column the year in which the patent was issued.

Column 45. Residing on his own lands.—If the Indian lives on a tract of land which has been allotted to him, write "Yes" in this column; if the Indian lives elsewhere, write "No."

Column 46. Living in civilized or aboriginal dwelling.—If the Indian lives in a house of civilized type, such as a frame, brick, or stone house, write "Yes" in this column; if he lives in a tent, tepee, or other form of dwelling of aboriginal design, such as a tent, tepee, [illegible]

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both the reservation Indians and those living on farms or groups outside of reservations.

Detached Indians living either in white families or in Indian families of mixed blood.—Special care must be taken in securing complete returns for Indians who are members of families of mixed blood and who are living in localities (farm groups should be enumerated on the General Census Schedule) outside of the Indian settlements in which they are found. In other words, every family possessing Indian blood or adopted citizen on the special schedule a delivery family composed entirely of persons not having claim to consideration on the general population schedule.

Spaces are provided for entries for 40 persons on each sheet (A and B) of the schedule the names to be written running across the page. Columns 1 to 41 are to be used for each individual case, as indicated by the instructions.

Columns 1 to 32.—These columns are identical with those on the general population schedule. Fill in the entries so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see book of instructions), but, in the following additional instructions in relation to filling columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given territory, you are using both the general population schedule and Form 5 (document three books for Indian population), number the dwellings and families for these on entirely separate forms in each kind of schedule, so that the last number entered in column 1 on the last sheet used for the general population schedule will give the whole number of dwelling houses, and, likewise, the last number in column 2 on the last sheet used for Indians will give the whole number of families visited and enumerated on the Indian schedule. So, if the last number in column 1 on the general population schedule was 150, and the last number in column 1 on the Indian schedule was 50, the whole number of dwellings visited and enumerated in that district would be 200.

Column 7. Age at last birthday. Some Indians have no definite knowledge of their ages. They frequently reckon their ages from notable events occurring in the history of the reservation tribe. Endeavor to ascertain the years in which these notable events occurred, and with a little assistance in most cases you should be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter figure for occupation according to instructions with the general instructions for entering occupations. If the Indian [illegible] or child has no occupation and is wholly dependent on the Government for support, write "Indian ward" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then the letter "D," for ration.

CONTINUED FROM A PAGE OF SHEET

The following instructions apply to columns 28 to 52:

Columns 30, 31, and 35. Tribal relations. If the Indian was born in the United States, write the name of the tribe to which his parents belong. If possible to ascertain it, write the name of the tribe to which the father belongs. If the Indian was born in Canada, Mexico, or some other foreign country, he is not a member of any tribe within the United States, and no name should be written in these columns. If such Indian has been naturalized, write the word "Naturalized" in column 35, and if he has taken out his first papers, write the word "Declared" in column 35. If not naturalized, leave column 35 blank.

Columns 36, 37, and 38. Proportions of Indian and other blood. [illegible] If the Indian is of mixed blood, write the proportion of Indian blood. Thus, if the Indian has one-half Indian blood and one-half white blood, write "1/2" in column 36; if one-quarter Indian blood, write "1/4" in column 36, and so on. If the Indian is of mixed blood, but cannot state the proportion of Indian blood, write "Mixed" in column 36. If the Indian is a negro, write "Negro" in column 36. If the Indian is a Chinaman, Japanese, etc., write the name of the country to which he belongs in column 36.

Whenever possible, the statement should be verified by the records in the Indian Office or by the testimony of Indians in connection with the tribal rolls. Without knowledge of the history of Indians in connection with the tribes, it is impossible to give specific instructions for filling these columns.

Column 39. Number of times married. If the Indian is living with a wife, write the number of times she has been married.

Column 40. Whether now living in polygamy. If the Indian man is living with more than one wife, write "Yes" in this column; otherwise, write "No."

Column 41. If living in polygamy, whether the wives are sisters. If the Indian man is living with more than one wife, and if his wives are sisters, write "Yes" in this column; if not sisters, write "No."

Column 42. Graduated from what educational institution. If the Indian is a graduate of any educational institution, give the name and location of such institution.

Column 43. Is this Indian taxed? An Indian is to be considered "taxed" if owning real or personal property, or if his property is assessed for taxation, or if he pays taxes on land, or if he or she is living with a white husband who has himself or herself and the family thus acquired citizenship. In either of these cases write "Yes" in this column.

An Indian on a reservation, without an allotment of land, owning only personal property is not taxed, and for such Indians the answer to this question is "No."

Column 44. If Indian has received allotment, give year of allotment. If the Indian has received an allotment of land, enter, in column 44, the year in which the allotment was made.

Column 45. Residing on his own lands. If the Indian lives on land belonging to his tribe, write "Yes" in this column; if the Indian lives elsewhere, write "No."

Column 46. Living in civilized or aboriginal dwelling. If the Indian is living in a house of civilized style, such as frame, brick, or stone houses, write "Civilized" in this column; if living in a tent, tepee, earth dwelling, etc., write "Aboriginal" in this column.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living among the general population of the country.

Definition. Indians, among other members, include persons who have descended from the aboriginal stock of the general population, whether they are enrolled as members of the tribes or whether they are of mixed white and Indian parentage or Indian families adopted into and intermarried with the tribes. Indians living in Indian families should be enumerated at their usual home, whether on or off reservations, in which they are found. In other words, every family and every person pursuing the customary mode of living of Indians should be enumerated on these special schedules, and every family composed mainly of persons and persons adopted into families of Indians should be enumerated on the general population schedules.

Spaces are provided for entries for 20 persons on each side (A and B) of the sheet; the entries for each family, however, are to be made on consecutive lines, if practicable, according to the instructions.

Columns 1 to 32. These columns are identical with those on the general population schedule. Proceed exactly as far as the inquiry appears, in accordance with the instructions for filling the corresponding columns on the general population schedule and those of instructions, but note the following additional instructions in relation to certain columns and to columns 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in enumerating a given territory, you are using both the general population schedule (Form 8) and this schedule for Indians, the numbers entered in columns 1 and 2 should be consecutive for the two schedules taken together. That is, if you have enumerated, say, 100 families on the general population schedule, the first family on the Indian schedule should be numbered 101, and so on. The purpose of this is to avoid duplication of numbers for the general population schedules, and thereby to facilitate the assignment of enumeration districts. For the same reason, if you have enumerated, say, 100 persons on the general population schedule, the first person entered on the Indian schedule should be numbered 101, and so on.

Column 7. Age at last birthday. Some difficulty may be met in securing from the Indians the exact ages. Frequently such ages, from a white person's standpoint, are wanting in the history of the persons enumerated. Endeavor to ascertain the years in which these noteworthy events occurred and with a little calculation as to your particular locality be able to ascertain the correct age of each Indian.

Columns 18 and 19. Occupation. If the Indian is what is self-supporting, enter on a line corresponding to columns 18 and 19 the occupation (trade with the general population) or occupations (employments). If the Indian owns livestock, has a occupation, or is what is ordinarily called a "tribal Indian," enter "Indian" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, enter the occupation in columns 18 and 19, and then the letter "D" in column 20.

The following instructions apply to columns 34 to 46:

Columns 34, 34, and 35. Tribal relations. If the Indian was born in the reservation population, or if possessed by inheritance (if it is used in reference to the same as enrollment of band of the Indian and of reservation population. For Indians of mixed blood, as "three quarters Indian blood, one quarter white blood," or "half Indian blood, one quarter white blood, one quarter negro blood," or other combinations, as the case should require.

Whenever possible, the statement that an Indian is of full blood should be omitted as meaning of the term of the tribe, as an Indian is considered as of full blood with no admixture.

In other words, Indians are taxed in the same manner as white persons are taxed.

An Indian on a reservation, without an allotment, or receiving only restricted patents, is considered non-taxed, and for such Indians the answer is to be entered "No."

Column 44. If Indian has received allotment, give year of allotment. If the Indian has received an allotment of land, enter, in column 44, the year in which the allotment was made.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians, both those on reservations and those living in families or communities of mixed blood.

Detached Indians living either in white or negro families or communities should be enumerated on the general population schedule. Persons who are members of the tribe but who are living with white or negro families or in Indian families should be enumerated on this special Indian schedule in the district in which they are found. In other words, every family composed wholly or partly of Indians should be enumerated entirely on this special schedule and every family composed entirely of persons of white or negro descent should be enumerated on the general population schedule.

Spaces are provided for entries for 30 persons on each side A and B of the sheet. If the number to be enumerated exceeds 30, the remaining lines should be numbered 31, 32, 33, etc., and entered on the next sheet, and so on. Heading lines to be used for each additional page. Each sheet when completed is to be numbered at the footer of the page. Counties, towns, etc., are to be listed for each enumeration district in the order in which they are visited by the enumerator.

Columns 1 to 32. These columns are identical with those of the general population schedule. They should be filled so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see back of instructions), but note the following additions: Interpret the numbers in columns 1 and 2, column 7, and columns [illegible].

Columns 1 and 2. Visitation numbers. If in canvassing a given territory you are using both the general population schedule and Form S, assign all those included in [illegible] the same numbers in both schedules, using for these records the serial number of each kind of schedule, so that the last number in column 1 on the general population schedule will be equal to the last number in column 1 on the special schedule. Likewise the last number in column 2 on the general population schedule will be equal to the last number in column 2 on the special schedule. For example, if the last number in column 1 on the general population schedule was 60, and the last number in column 2 on the special schedule was 25, the total number of families enumerated in the district was 85, and the total number of persons in the general population schedule was 60, the whole number of persons enumerated on the special schedule was 25.

Column 7. Age at last birthday. Some Indians may be met in ascertaining the exact ages of children as they frequently reckon their ages from notable events occurring in the history of the respective tribes. Endeavor to ascertain the years in which these notable events occurred and with a little calculation on your part it should be possible to ascertain the exact age of each person.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation in columns 18 and 19, in accordance with the general instructions for obtaining occupations. If the Indian owns property, but has no occupation and is wholly dependent on the Government for support, write "Ward Indian" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the word "Partly" in columns 18 and 19, and then the letter "D" for Indian.

CONTINUED FROM "A" SIDE OF SHEET.

The following instructions apply to the entries made on the ...

Columns 33, 34, and 35. Tribal relations.—If the Indian was born in the United States, enter the name of the tribe to which he belongs. If possible to determine, as in the case of persons of mixed blood, the tribe to which each parent belongs, according to the rules governing columns 12, 13, and 14, relating to the birthplace of the person and of his or her parents. In any event, take pains to ascertain the name of the tribe with which the person is identified, and the name of the tribe with which each of his or her parents is identified, if either parent is a member of the tribe.

Columns 36, 37, and 38. Proportions of Indian and other blood. If the Indian is a full-blood, write "Full" in column 36, and 0 in columns 37 and 38. If the Indian is of mixed blood, write in column 36 the part of the Indian blood he possesses, as 1/2, 3/4, 7/8, 15/16, 31/32, 63/64, 127/128, or 255/256, and in column 37 the part of other blood. For instance, if he is one-half Indian, one-quarter white, and one-quarter Chinese, write 1/2 in column 36, 1/4 in column 37, and 1/4 in column 38.

Whenever possible, the statement that an Indian is full blood should be corroborated by reference to the tribal rolls of the tribe, should the Indian belong to a tribe which has been enrolled without requiring it.

Column 39. Number of times married. If the Indian is married, widowed, or divorced, see instructions relating to column 9, and enter the number of times he has been married.

Column 40. Whether now living in polygamy. If the Indian man is living with more than one wife, write "Yes" in this column; if otherwise, write "No."

Column 41. If living in polygamy, whether the wives are sisters. If the Indian man is living with more than one wife, and if the wives are sisters, write "Yes" in this column; if otherwise, write "No."

Column 42. Graduated from what educational institution. If the Indian is a graduate of any educational institution, give the name and location of such institution.

Column 43. Is this Indian taxed? An Indian is to be considered "taxed" if he owns property which is assessed for taxation and he pays taxes thereon, or if he owns property which is exempt from taxation by reason of the fact that he is living among white people and not upon a reservation, and he pays taxes on personal property, if any, or if he owns property which is exempt from taxation by reason of the fact that he is living among white people and not upon a reservation, and he pays taxes on personal property, if any, or if he owns property which is exempt from taxation by reason of the fact that he is living among white people and not upon a reservation, and he pays taxes on personal property, if any, and thereby becomes a participant in the benefits of citizenship. In making all these determinations, write "Yes" or "No."

An Indian who is a conscientious objector and who, on account of religious scruples, is conscientiously opposed to paying taxes, should be considered "taxed" if he pays taxes on personal property, if any, or if he owns property which is exempt from taxation by reason of the fact that he is living among white people and not upon a reservation, and he pays taxes on personal property, if any, and thereby becomes a participant in the benefits of citizenship. In making all these determinations, write "Yes" or "No."

Column 44. If Indian has received allotment, give year of allotment. If the Indian has received an allotment of land under the provisions of the act of February 8, 1887, or any other act providing for allotments to Indians, write in column 44 the year in which the allotment was made.

Column 45. Residing on his own lands. If the Indian lives on land that has been allotted to him, write "Yes" in this column; if otherwise, write "No."

Column 46. Living in civilized or aboriginal dwelling. If the Indian is living in a house of civilized design, such as a frame house, or stone house, write "Yes" in this column; if otherwise, that is, if living in a dwelling of aboriginal design, as a tent, tepee, mud dwelling, etc., write "No."

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white families or in Indian families consisting of not more than [illegible] persons are to be enumerated on the regular general population schedule, Form S. 1900, as members of the families with which they are found. Indians living in a separate family, however, are to be enumerated on this special schedule, Form S. 1903, as members of the Indian family of which they are found. In other words, every family composed entirely of Indians should be enumerated on this special schedule, and every family composed partly of Indians and partly of persons not Indians should be enumerated on the general population schedule.

Spaces are provided for giving data for 20 persons on each sheet, A and B of the sheet the names for each person entered appearing on the same line across the page. Columns 1 to 41 are to be used for each individual, and if applicable according to the instructions.

Columns 1 to 32. These columns are to be dealt with, those on the general population schedule. Where all persons for whom the reports appear, in accordance with the instructions for filling the general population schedule, and lines of instructions, but only the following additional instructions. [illegible] columns 1 and 2, columns 3 and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given territory, you are using both the general population schedule, Form S. 1900, and this schedule for Indian population, begin the enumeration of families for these counties, one series in each kind of schedule, starting with the number 1. The last number assigned to the last number in counties on the general population schedule will give the whole number of families visited and enumerated in each county. Likewise, the last number in column 2 on this schedule, added to the last number in column 2 on the general population schedule will give the whole number of families visited and enumerated in each county.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of children. Inquiry should be made of their ages from parents or others, securing if possible the history of the respective children, ascertain the years in which these points or events occurred, and with a little calculation a fairly correct result can be ascertained the exact ages of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter [illegible] in the [illegible] 18 and 19 in accordance with the general instructions for filling occupations. If the Indian is partly self-supporting and partly supported upon the Government, write [illegible] columns 18 and 19, and then the letter "P" for instance.

INSTRUCTIONS FOR FILLING THIS SCHEDULE

CONTINUED FROM "A" SIDE OF SHEET

The following instructions apply to columns 34 to 46:

Columns 34, 35, and 36. Tribal relations. If the person was born in the United States, answer according to the tribe of which the parents were members. If one parent was white and the other Indian, give the tribe of the Indian parent. If both parents were part Indian, give the tribe of the parent having the greater proportion of Indian blood. If the parents were equally divided between two tribes, give the tribe of the father. If the person was born outside the limits of the United States, write "Foreign" in column 34, and the name of the tribe of which one or both parents were members according to columns 35 and 36.

Columns 36, 37, and 38. Proportions of Indian and other blood. If the person was born in the United States, write "Full" in column 36 if both parents were Indians of the same tribe, or if the person is enrolled as such and never accounted as part white. If the person is of mixed Indian and white blood, write in column 36 the proportion of Indian blood and in column 37 the proportion of white blood, as "1/2," "3/4," "5/8," "7/8," etc. If the person is of mixed Indian and negro blood, write in column 36 the proportion of Indian blood and in column 37 the proportion of negro blood. If the person is of mixed white, negro, and Indian blood, write in column 36 the proportion of Indian blood and in column 37 the proportion of white and negro blood combined, as "1/2," "3/4," etc.

Wherever possible, the statement that an Indian is full blood should be verified by reference to the records of the tribe, by reference to the records of the Indian Office, or by reference to some person of long acquaintance with Indians who is familiar with the tribal affiliations of the Indians in question.

Column 39. Number of times married. If the Indian is now living with more than one wife or husband, write the number of times married. If the Indian is living with only one wife or husband, write "1." If the Indian is not living with a wife or husband, write the number of times married.

Column 40. Whether now living in polygamy. If the Indian is living with more than one wife, write "Yes." If the Indian is living with only one wife, write "No."

Column 41. If living in polygamy, whether the wives are sisters. If the Indian is living with more than one wife, write "Yes" if the wives are sisters, and "No" if they are not sisters. If the Indian is not living with more than one wife, write "No."

Column 42. Graduated from what educational institution. If the Indian is a graduate of any educational institution, give the name of such institution.

Column 43. Is this Indian taxed? An Indian is to be considered "taxed" if he is subject to State taxation and is living among white people on an individual basis, as such he is assessed for taxation, whether actually paying taxes or not; if he or she is living with his or her tribe and has continued as a member of the tribe, as a ward, he is considered "not taxed." In each of these two cases write "Yes" in the column.

An Indian who is a citizen, without an allotment, or receiving only personal property, is considered "taxed," and for such Indians the answer to this inquiry is "Yes."

Column 44. If Indian has received allotment, give year of allotment. If the Indian has received an allotment of land, enter in column 44 the year in which the allotment was made.

Column 45. Residing on his own lands. If the Indian owns a home on his own land, write "Yes" in this column; if the Indian lives elsewhere, write "No."

Column 46. Living in civilized or aboriginal dwelling. If the Indian is living in a house of civilized design, as a log, frame, brick, or stone house, write "Yes" in this column; but if the Indian is living in a dwelling of aboriginal design, as a tent, tepee, cliff dwelling, etc., write "No" in this column.

The following instructions apply to columns 28 to 46:

Columns 28, 34, and 35. Tribal relations.—If the Indian who lives in this country ancestors should be enumerated if possible, by inquiries 10, 11, and 12, relating to the tribe or nationality of each of his parents. Columns 36, 37, and 38. Proportions of Indian and other blood.—If the person is a full-blood, write "Full" in each of these columns; if not, write "No." If the Indian is of mixed blood, write in columns 36, 37, and 38 figures which will show the proportions of Indian and other blood, as follows: If one-half Indian and one-half white, write "½" in column 36; if one-fourth Indian and three-fourths white, write "¼" in column 36, and "¾" in column 37; if one-fourth Indian, one-fourth white, and one-half negro, write "¼" in column 36, "¼" in column 37, and "½" in column 38, etc.

Column 39. Number of times married.—If the Indian is married, enter 1; if widowed, the number of times he or she has been married.

Column 40. Whether now living in polygamy.—If the Indian man is living with more than one wife, write "Yes" in the column; otherwise, write "No."

Column 42. Graduated from what educational institution.—If the Indian is a graduate of any educational institution, give the name and location of such institution.

Column 43. In either of these two cases write "Yes" in this column.

An Indian on a reservation, without an allotment, or roaming over unsettled territory is considered "not taxed," and for such Indians the answer to this inquiry is "No."

Column 44. If Indian has received allotment, give year of allotment.—If the Indian has received an allotment of land, enter, in column 44, the year in which the allotment was made.

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families or in groups of two or more persons shall be enumerated on the general population schedule (Form 8.) Persons of Indian blood (whether full blood or mixed) or negroes living in Indian families should be enumerated on the special schedule in connection with the Indian families in which they are found. In other words, every family composed wholly or in part of Indians should be enumerated entirely on this special schedule, and every family composed entirely of persons other than Indians should be enumerated on the general population schedule.

Spaces are provided for entries for 30 persons on each side (A and B) of the sheet, the numbering being continued from one side to the other. Columns 1 to 46 are to be filled for each person enumerated. See the following instructions.

Columns 1 to 32.—These columns are identical with those of the general population schedule. Instructions so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see book of instructions), but note the following additional instructions for columns 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers. If, in canvassing a given locality, you are using both the general population schedule (Form 8) and this schedule for Indian families, you will number the dwelling houses and families for these counties, one series in each kind of schedule, so that the last number used on the general population schedule will be equal to the last number in column 1 on the special schedule. Likewise, the last number in column 2 on the special schedule will be equal to the last number in column 2 on the general population schedule, and will give the whole number of families visited and enumerated in your entire district.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, who frequently reckon their ages from notable events occurring in the history of the reservation. Endeavor to ascertain the years in which these notable events occurred, and with a little calculation in most cases you will be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter in column 18 the occupation, as is said to be in accordance with the general instructions for returning occupations. If the Indian owns property, but has no occupation and is not dependent on the Government for support, write the word "none" in column 18. If the Indian is partly self-supporting and partly dependent upon the Government, write the occupation in columns 18 and 19, and then, the letter "R" (for ration).

INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of the general schedule for population is to be used in making the enumeration of Indians both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 8-1580) as members of the families in which they are found. Indians or negroes living in Indian families should be enumerated on this special Indian schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be enumerated entirely on this special schedule, and every family composed mainly of persons not Indians should be reported entirely on the general population schedule.

Spaces are provided for entries for 30 persons on each side A and B of the sheet, the entries for each person running twice to the page. Columns 1 to 46 are to be filled for each individual case, if applicable according to the instructions.

Columns 1 to 32.—These columns are identical with those on the general population schedule. Fill each column so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns of the general population schedule (see book of instructions), but note the following additional instructions in relation to the following columns: 1 and 2, column 7, and columns 18 and 19.

Columns 1 and 2. Visitation numbers.—If, in canvassing a given territory, you are using both the general population schedule (Form 8-1580) and this schedule for Indian population, enter two independent series of numbers for these columns, one series in each kind of schedule, so that the last number in column 1 on the general population schedule will give the whole number of dwellings visited, and, likewise, the last number in column 2 on this Indian schedule will give the whole number of families visited and enumerated in their entire district.

Column 7. Age at last birthday. Some difficulty may be met in ascertaining the exact ages of Indians, as they frequently reckon their ages from notable events occurring in the course of their respective lives. Try to ascertain the years in which these notable events occurred, and with a little examination of your personal observation be able to ascertain the exact age of each Indian.

Columns 18 and 19. Occupation. If the Indian is wholly self-supporting, enter his or her occupation in columns 18 and 19 in accordance with the general instructions for returning occupations. If the Indian [illegible] child has no occupation and is wholly dependent on the Government for support, write "None" in column 18. If the Indian is partly self-supporting and partly dependent upon the government, write the occupation in columns 18 and 19, and then the letter "P" (for partly).

CONTINUED FROM "A" SIDE OF SHEET

The following instructions apply to columns 32 to 42:

Columns 33, 34, and 35. Tribal relations. If the Indian was born in this country, ascertain by inquiry of parents or other persons if possible to determine 12, 13, and 14, relating to the state or territory of birth of the parents of each person. In any record, take pertinent parent's answer for name of the tribe, which may be the name of the band and the name of the reservation on which parents may reside. Use separate line for each person.

Columns 36, 37, and 38. Proportions of Indian and other blood. If one parent is a full-blood Indian, the person is of one-half blood, and give fraction ½ and 50 p. c. If the Indian is known to have some admixture of white or negro blood, ascertain the proportion of Indian and other blood, as by answer, 3 Indian, 1 white, and so on, and enter 3 for Indian, 1 for white, and 4 for number of degrees of mixture, and ¾ and 75 p. c. for Indian blood. If mixed blood is all three combined, as ½ white, ¼ Indian, and ¼ negro, enter 4 for number of degrees of mixture, and ½ and 50 p. c. for Indian blood.

Wherever possible, the statistician should ascertain as of full blood persons claiming to be of that race, as an Indian is sometimes of mixed blood without appearing to be.

Column 39. Number of times married. If the Indian is married, enter 1; if widowed, the number of husbands or wives he has had; if divorced, the number of times married.

Column 40. Whether now living in polygamy. If the Indian man is living with more than one wife, enter "Yes" in this column, otherwise write "No."

Column 41. If living in polygamy, whether the wives are sisters. If the Indian man is living with more than one wife, and if his wives are sisters, write "Yes" in this column. If they are not sisters, enter "No."

Column 42. Graduated from what educational institution. If the Indian is a graduate of any educational institution, give the name and location of each institution.

Column 43. Is this Indian taxed? An Indian is "taxed" if he owns property and pays taxes thereon, whether his tribe as a whole is taxed or not; or if he is living apart from his tribe and has become a citizen, and thereby has acquired citizenship. In either of these two cases write "Yes" in this column.

An Indian on a reservation, without an allotment, or remaining over 25 years after receiving his allotment, is considered "not taxed," and for such Indians the answer to this question is "No."

Column 44. If Indian has received allotment, give year of allotment. If the Indian has received an allotment of land under, in column 44, the year in which the allotment was made.

Column 45. Residing on his own lands. If the Indian lives on his own land, write "Yes"; if otherwise, write "No."

Column 46. Living in civilized or aboriginal dwelling. If the Indian is living in a house of logs, frame, brick, or stone, write "Yes"; if living in a tent, tepee, cliff dwelling, etc., write "No." Use "Yes" for a dwelling of aboriginal design, as a tent, tepee, cliff dwelling, etc., which is used for shelter.
